Re: United States of America v. Javier Janel
19 Cr. 00818 (PGG)

Dear Judge Gardephe:

Defendant Javier Janel is quarantined at the MCC. As such, he is under quarantine and can only make phone calls every three days. As such, he must now choose between calling his family or calling his lawyer. The MCC personnel will accommodate court ordered phone calls and permit him to keep his scheduled personal calls.

I am hereby requesting that this Court issue an order permitting defendant to make "legal calls" to his attorney, the undersigned once per week.

Thank you for your attention to this.

Very truly yours,

Evans D. Prieston
